Message to the Congress on Continuation of the National Emergency With Respect to the Global Illicit Drug Trade

December 12, 2022

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to global illicit drug trafficking declared in Executive Order 14059 of December 15, 2021, is to continue in effect beyond December 15, 2022.

The trafficking into the United States of illicit drugs, including fentanyl and other synthetic opioids, is causing the deaths of tens of thousands of Americans annually, as well as countless more non-fatal overdoses with their own tragic human toll. Drug cartels, transnational criminal organizations, and their facilitators are the primary sources of illicit drugs and precursor chemicals that fuel the current opioid epidemic, as well as drug-related violence that harms our communities. International drug trafficking—including the illicit production, global sale, and widespread distribution of illegal drugs; the rise of extremely potent drugs such as fentanyl and other synthetic opioids; as well as the growing role of Internet-based drug sales—continues to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States. Therefore, I have determined that it is necessary to continue the national emergency declared in Executive Order 14059 with respect to global illicit drug trafficking.
